

## Washington State Department of Ecology Municipal Stormwater Capacity Grant and FY2012 Stormwater Retrofit and LID Competitive Grant Workshops

The Washington State Department of Ecology Water Quality Program is offering three informational workshops across the state about two new grant programs that support local government's stormwater activities and facilities.

- ◆ The **Municipal Stormwater Capacity Grant** program is available to cities, towns and counties covered by the National Pollutant Discharge Elimination System (NPDES) Phase I and II municipal stormwater permit holders.
- ◆ **FY2012 Stormwater Retrofit and LID Grants** is a competitive grant process for retrofit and low impact development facility projects offered to NPDES Phase I and II permit holders.
